CREATE & WEAR
COLOR GUMMY BRACELETS!

1 SUITCASE

1 WORKSTATION

CONTENTS:

5 BAGS OF MAGIC POWDER

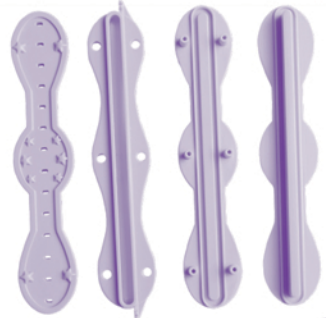

1 GLITTER BAG

1 BAG OF GLOW IN THE DARK MAGIC POWDER

6 FABRIC STRIPS

1 BLAZELET MAKER

1 EXTRACTOR

2 BAGS FOR LEFTOVER POWDER

1 BRUSH

1 POWDER DISPENSER

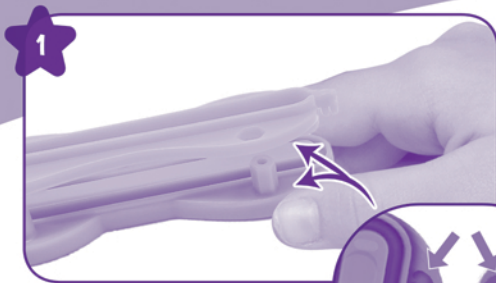

6 PLASTIC WIRES

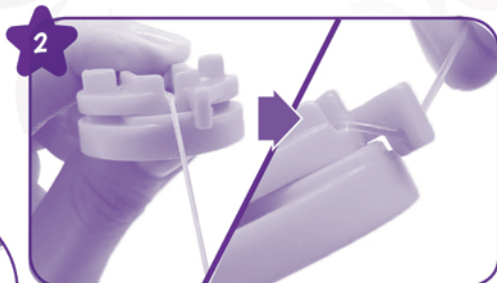

6 PAIRS OF HOOKS

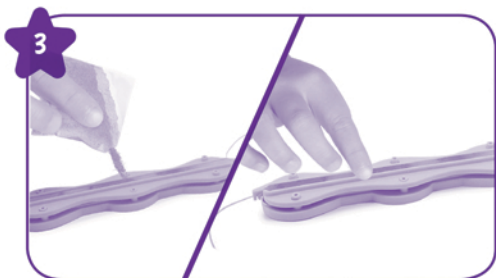

INSTRUCTIONS:

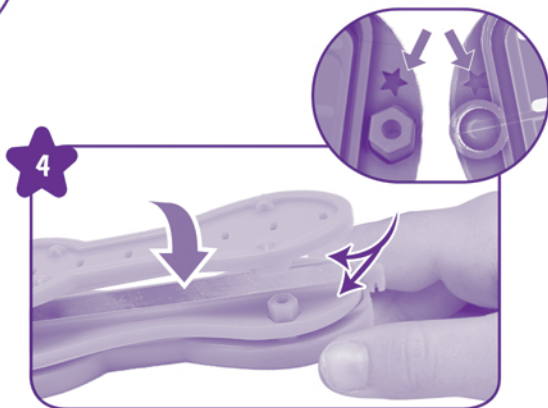

Put the base under the middle part of the mold. Carefully insert the hexagonal pin into the hexagonal hole so that locks into place. Make the hearts match on the bottom and middle part of the mold.

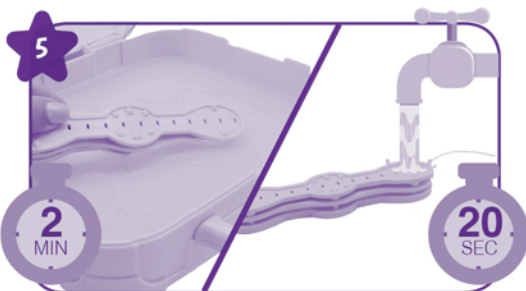

Hook the ends of the string on the mold's side.

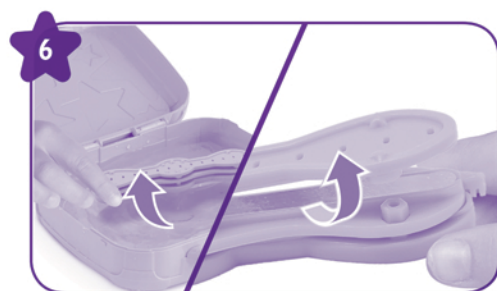

Fill the BM with powder. Mix the different colors however you'd like. Use a finger to get rid of the extra powder, leveling it, making sure that the string is completely covered with powder.

Close the Blazelet Maker by snapping the top part of the mold back on. Carefully insert the hexagonal pin into the round hole so that locks into place. Make the stars match on the top and middle part of the mold.

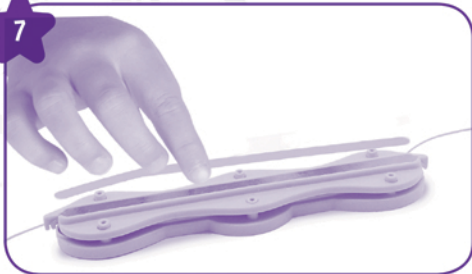

Put the BM underwater for 2 min. moving it up and down so that the water permeates it, or hold it under running water for 20 seconds, making sure it goes into the holes.

Take the BM out of the water. Take the top of the mold off.

- ★ Shake the "Glow in the dark!" bag before use.
- ★★ Place the leftover powder inside the extra bags.

7

Apply the fabric strip making sure it doesn't scrunch up.

8

Smooth the fabric's surface with a finger.

9

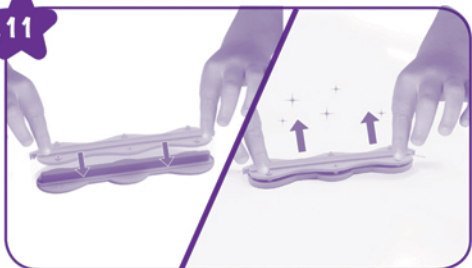

Leave it to dry for 3 minutes.

10

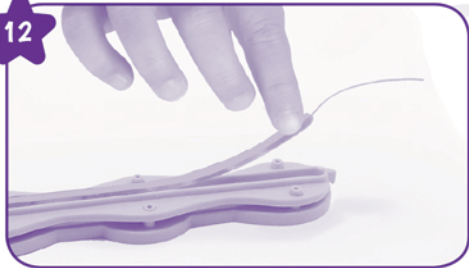

Unhook the string from the mold's side grooves.

11

Insert the extractor in the bottom part and press down. Gently pull out the bracelet.

12

Lift the bracelet from the end.

13

Wet your fingers and rub them on the bracelet to leave as few defects as possible. Decorate with the glitter using the ad hoc brush.

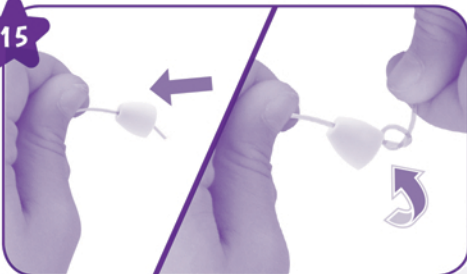

14

Leave it to dry for 30 minutes on a flat surface, placing it as shown in the figure and turning it every once in a while.

CAUTION: the surface could get stained; you can easily remove any stains with water.

15

Put the two fasteners on the ends of the string, making a small knot to stop the string and cut the extra length at the end.

16

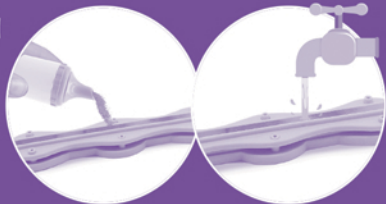

Wear it!

You can put the bracelet on after 30 minutes. It will get harder and stronger after several hours.

TRICKS AND TIPS

1

2

1) If there are problems with the bracelet (powder that still hasn't reacted with the water, holes, or smudges), add the powder where missing and pour some water on the spots that are still dry.

2) It's best to adjust the length of the bracelet to the circumference of the child's wrist. If the bracelet is too long, it could make the bracelet twist.
